God is Love, So, What is God's Love Like?

My Story

1. What personality trait did you get from your father? Your mother?

Digging Deeper

2. In Jesus' parable and example with the woman (Luke 7:36-50), He indicates that some people have more to be forgiven for than others. Does it require more effort on God's part to forgive those with a greater need for it than others? Why or Why not?
3. In Luke 15:1-7, Jesus shows us that God places high value on even the comparatively small things. How does this exemplify God's relentless love for people?

4. We see God's Sacrificial Love in John 3:16. Why did God have to sacrifice/give His one and only Son? Why did Christ have to sacrifice His life?

5. Romans 8:35-39 contains a list of things which we are told cannot separate us from the love of God. Do any of these still feel like they could hinder God's love in your life?

Reflection

6. As you reflect on the fact that God's love is forgiving, relentless, sacrificial, and enduring, how does that make you feel about your value to God?
